

QB Networks & Masscollabs Services

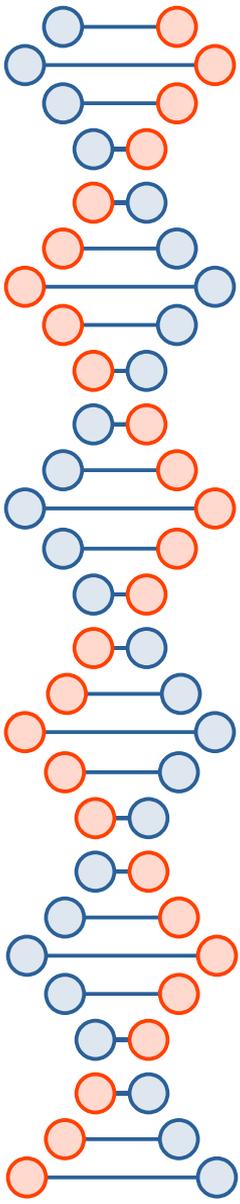

Announcing Centrum NEXT

QB Networks & Masscollabs Services

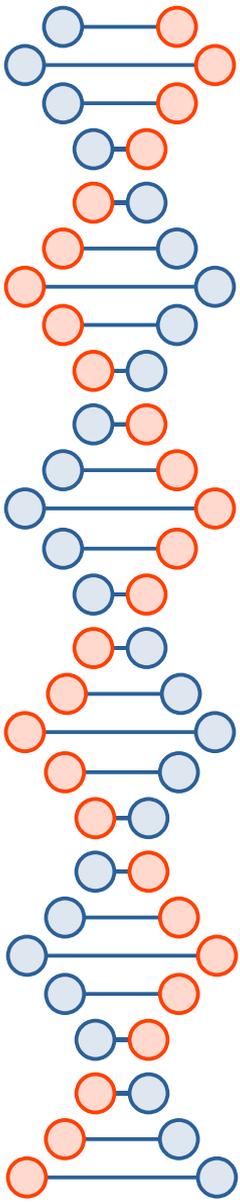

- What is a node ?
- What is a center node ?
- How nodes and/or centers nodes connect with each other
- URAL project(next slide)

QB Networks & Masscollabs Services

- URAL is the central login access interface
- With URAL your server information and your client information is synchronized
- You have the control over the server, and client
