Masscollabs Services

Free Software Services from desktop, mobile and to cloud since 22 December 2017

Masscollabs Services

- Our daily workflow is providing Free Software training to the individuals and to organizations

- We also give technical support including development for applications which run over a network and which is why we choose AGPLv3-or-later license for our services

Masscollabs Services

- QA for your questions please visit irc.libera.chat and join #masscollabs channel
